VI. ADMISSION ESSAY

Write an essay on a separate sheet of paper about the following:

For CS	Discuss in at least 300 to a maximum of 500 words about yourself, your qualifications relevant to your application to the graduate program, and your future plans with respect to your chosen plan of study.
For EE	Discuss details of your other qualifications (e.g. membership in professional bodies, certificates, scholastic honors received) that are relevant to your application to the graduate program, past or ongoing research & development work/experience, research areas of interest, and reasons for applying for the graduate program. You may also indicate professors and/or research laboratories in the department whose work you are interested in joining. If you plan to be a part-time student, discuss the relationship of your planned graduate studies to your present employment and the support, if any, of your present employer for your planned graduate studies.
For EgyE	<i>For MS:</i> In at least 200 words, discuss why you would like to take MS EgyE. <i>For PhD:</i> In at least 400 words, discuss why you would like to take PhD EgyE and what area of interest you would like to pursue.
For EnE	<i>For MS:</i> In at least 200 words, discuss why you would like to take MS EnE. <i>For PhD:</i> In at least 400 words, discuss why you would like to take PhD EnE and what area of interest you would like to pursue.

VII. RESEARCH & CAREER PLANS

Write on a separate paper (minimum of 300 words and maximum of 1000 words) the following:

Essay 1	A description of the current work or project or undergraduate research that have been done (for those who have just graduated from BS degree) or graduate research that have been done (for those applying for the doctoral program).
Essay 2	Future plans after graduation from the applied graduate program.
Essay 3	Intended research work to be done while in the graduate program. This research proposal should include the following components: problem statement, significance of the research, brief literature review, outlined methodology, and Gantt chart. Note that Year 1 is usually devoted to doing course work; make a research timeline for one (1) year for the master's degree and two (2) years for doctoral degree of study.
